DETAILED ACTION

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: The present invention is allowable for at least the following reasons where the prior art of record fails to teach a nozzle cap having a sealing member on a terminal wall which is held in place by a holding wall so that the terminal wall and holding wall extend parallel and face one another in an axial direction so that the sealing member is held between the holding and terminal walls which provides for a manner in which prevents the sealing member from being separated from the nozzle cap when the nozzle cap is detached from the nozzle cap body. The prior art also fails to teach where a transparent cylindrical cover has a first and second opposed open ends are in communication with the outer periphery of the nozzle cap and additionally aids in protecting the sealing member when the cylindrical cover is secured to the cap body and nozzle.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Allowable Subject Matter

Claims 11, 12 and 17-23 are allowed over the prior art of record.

Response to Arguments

Rejection under 35 USC § 103

Applicant's arguments, see pages 7-10, filed 08/13/2007, with respect to the rejection of Claims 11, 12 and 17-20 have been fully considered and are persuasive. The rejection of Claims 11, 12 and 17-20 held under 35 U.S.C. § 103 (a) has been withdrawn in view of Applicant's amendment that adds the limitations "and the holding wall and the terminal wall extend parallel to each other such that they face each other in the axial direction" to Claims 11 and 12. Examiner further withdraws in view of Applicant's amendment to Claims 17-20 that incorporates the limitations "with first and second opposed open ends". The resulting claims are allowable over the prior art of record.

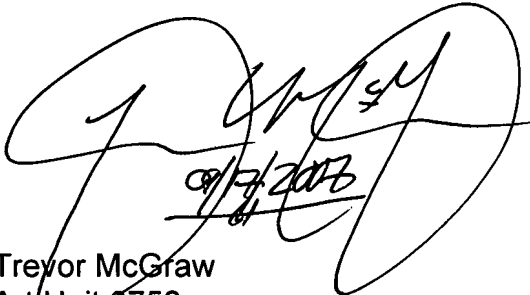

Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Trevor McGraw whose telephone number is (571) 272-7375. The examiner can normally be reached on Monday-Friday (2nd & 4th Friday Off).
